

FRANKFURT – TAKES CARE

Frankfurt am Main, November 2020

Dear citizens of Frankfurt,

the number of coronavirus infections has unfortunately been rising dramatically recently. In Frankfurt, we have taken every effort to combat this development – but the pandemic cannot be contained by local measures alone.

Therefore, together with the heads of the federal states, Chancellor Angela Merkel has decided on far-reaching measures that will remain in place until the end of November. Leisure facilities have to close, as do sports facilities and restaurants.

Additionally, there are regulations specifically for Frankfurt, where infection rates are currently far above the state- and nationwide levels. There is a ban on alcohol in green spaces and public places, and a mouth-and-nose cover must be worn within the Alleenring. The mask may be inconvenient, but it prevents infection – especially in places where space is tight, for example on the Zeil.

There is no question that these measures are tough. They severely restrict our lives and our freedom. Nevertheless, we are convinced that the decisions are necessary and reasonable.

We ask of you: Protect the weakest in our society. All of us have a responsibility now.

Remember: There is no cure and no vaccine yet. Our behaviour alone determines how COVID-19 will spread. Protect yourself and others by following the corona rules of conduct (distance, hygiene, face mask) – you can read how to do this on the back of this page. And: Avoid large crowds of people.

We know that a lot is demanded of you in these days. However, if everyone participates, we can contain the spread of the virus.

Frankfurt is a strong city! Let us continue to be there together for one another.

Stay healthy!

Uwe Becker
Mayor and treasurer of the
city of Frankfurt am Main

Peter Feldmann
Lord Mayor of the city of
Frankfurt am Main

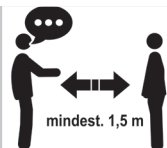

Stefan Majer
Head of the Health Department
of the city of Frankfurt am Main

FRANKFURT – SCHÜTZT SICH

Um die Ausbreitung des Coronavirus zu verlangsamen, beachten Sie bitte die folgenden Schutzmaßnahmen:

To prevent a further spread of the corona virus, please observe the following protective measures:

1

Halten Sie, wo es möglich ist, einen ausreichenden Abstand von mindestens 1,5 m zu anderen Personen ein.

Wherever possible, please keep a sufficient distance of at least 1.5 meters between you and other persons.

2

Bitte beachten Sie die Regelungen zum Tragen einer Maske/Mund-Nase-Bedeckung!

Please observe the regulations for wearing a face mask that covers your mouth and nose.

3

Waschen Sie Ihre Hände regelmäßig und gründlich mit Wasser und Seife.

Wash your hands regularly and thoroughly with water and soap.

4

Minimieren Sie Ihre Kontakte.

Maintain social distancing.
