Our offer

We support if you do not have health insurance or do not know whether you have health insurance or not.

We give advice about all questions regarding social and health system in Germany and help to clarify whether or how you can get a health insurance.

We advise people

- who do not have health insurance.
- who do not know if they have health insurance or have problems with their health insurance/the sickness fund.
- who are not insured and need medical care.

Our aims:

- we want to support people with unsettled health insurance to assert entitlements against payers.
- we want to deliver guidance and help you to access the German health care system.

Come and see us during our consultation hours or write us an E-mail, we will contact you.
(You find our contact data on the backside of this flyer.)

Our counselling is free of charge and confidential.
